metrostyle

Introducing Metro - a rail based system that will move you. Sleek, slim and easy to install, the Metro line is a giant leap towards getting the most out of your facility. Available in both telescopic and fixed versions Metro allows perfect continuity throughout a facility. And it's not just about great looks - Metro is made of the most advanced composites and uses the latest molding technology. It also features whisper quiet seat operation and fits in an amazingly tiny 5 1/2" (140 mm) stored envelope.

The next generation of seating has arrived. Metro - climb aboard.

metrosmart

Metro's innovative and distinctive design incorporates both comfort and style and offers the following features:

- The entire seat is molded using advanced engineering polymers
- Available in 18", 19", 20", 21", and 22", (457 mm, 475 mm, 500 mm, 525 mm, and 550 mm) standard widths (or any variation in-between)
- Dimensions: See overleaf for diagrams
 - 31 1/2" (800 mm) back height
 - 5 1/2" (140 mm) stored envelope
 - 21 1/2" (546 mm) seat extended
 - 16 1/2" (420 mm) nominal seat height
- Whisper-quiet operation - seat rises using a fixed-velocity system
- Full line of arm options including plastic, upholstered and wood finishes, as well as cup holders, and many other accessories
- Available with polymer-finish seats and backs
- Available with padded seats and backs
- Available with upholstered back pads and seats (featuring a comfortable sprung seat)
- Combinations of back and seat styles are also available to allow further differentiation of seating sections
- Seat may be deployed with or without arms
- Seat width is easily varied for ideal seating layout or to maximize capacity
- Metro has been designed to compliment Hussey's successful Quattro auditorium seating – working together seamlessly – to enhance any facility.

metropadded

metroversatile

- Continual development of beam-mounted accessories and upgrades
- Choice of four fold-down mechanisms:
 1. Semi-automated
 2. Foot activated semi-automated
 3. Manual with foot-activated operation
 4. Manual
- Easily upgradeable for expansion and renovation
- Stylishly designed chair makes venues that much more appealing
- High-end feel means facilities may be able to command higher ticket price for Metro chair
- Backing of the world's largest spectator seating supplier
