

MAXAM 24 – Mobile tiered seating

Maxam 24 is a mobile tiered seating unit that provides a simple to use flexible seating system perfect for use in school halls and sports centres. The product can be set alongside installations of Maxam bleacher seating or used as a standalone item in a variety of layouts. The seating units are easy to deploy and can be efficiently moved to storage locations via integrated casters.

APPLICATIONS

Maxam 24 is suitable for a wide range of seating applications including schools, sports halls, team benches and swimming pools.
